

# Host your own TV theme tune activity

Theme tunes from favourite TV shows throughout our lives are great additions to a personalised playlist. They also make for a fun activity!

Here's how to run your own TV quiz:

- 1 Make sure players have something to write their answers on.
- 2 Set up your laptop and visit [bbc.co.uk/musicmemories](https://bbc.co.uk/musicmemories). Click on 'Theme Tunes'.
- 3 If you're playing music for a virtual meeting, check out our top tips below.
- 4 Play a snippet and ask people to write down the programme.
- 5 Give everyone a few minutes then move on to another snippet. 10–15 tunes is a good length for a round.

## Top tips for playing music on Zoom

The best way to ensure your guests can hear your audio is to 'share audio'. To do this (without sharing the answers on your screen!) follow these steps:

- 1 Click 'share screen' (in the bottom centre of the screen)
- 2 Tick 'share computer audio'
- 3 Click 'advanced' at the top
- 4 Click 'share music or computer sound only'
- 5 Click 'share'
